Warbird Consulting Partners and OneStream Software Partnership to Benefit Healthcare Industry

Warbird and OneStream partner to bring deep domain expertise and extensive implementation experience to Healthcare Finance and Operations

Atlanta, GA, February 4th, 2022 – Warbird Consulting Partners, a trusted financial and operational consulting firm in the healthcare industry, is pleased to announce they have become a referral and implementation partner of OneStream. This new partnership will combine an industry-leading software platform and healthcare financial and implementation expertise, permitting hospitals, health systems, and physician practices to optimize operational data and drive efficiency in financial operations.

OneStream provides an Intelligent Finance Platform for the modern enterprise that simplifies and aligns corporate performance management processes such as financial consolidation, reporting, planning, and analytics. OneStream’s platform can easily be extended with over 50 financial close, planning and analysis, and productivity solutions.

“We are excited to announce our partnership with OneStream Software,” said Michael Draa, Chief Executive Officer of Warbird Consulting Partners. “Health Systems are facing a time of unprecedented financial and operational pressures and they must re-imagine nearly every aspect of their processes to increase efficiency and reduce expenses. Together, Warbird and OneStream, will allow your organization to generate speed-to-value with agile planning, insightful analytics focused on informed decision-making, and increased efficiency.”

“We are thrilled to announce that Warbird Consulting Partners joined our partner ecosystem,” said Stephanie Cramp, Senior Vice President of OneStream Software. “Each OneStream partner undergoes rigorous training and shares our core mission that every customer is a reference and success. We believe Warbird Consulting Partners is an ideal partner for our healthcare customer’s digital transformation journey and together we will help them achieve financial and operational stability and efficiency across the enterprise and through all lines of their business.”
